

Where does the money go?

A significant proportion of the \$745,000 raised so far through these book sales is accruing toward a major gift for the Library when the sod is finally turned for a new central library building.

The Friends of the GPL have also:

- made the lead gift of \$10,000 to establish the Library's endowment fund.
- supported the cost of two pieces of library-related art.
- funded the purchase of the new Charging unit in the main library.
- supported the cost of the internal fittings for the new bookmobile.
- provided matching funds for grant applications
- supported children's reading programs
- agreed to fund a program to provide library packages including board books for each of the more than 1600 babies born in Guelph every year.
